

JUST GOSSIP ABOUT PEOPLE

Season Opened at Narragansett Pier With Big Ball at Casino—Nancy Wynne Talks About Honor Among Enemies

THROUGH A number of people have been up in Narragansett for some time, the season may be said to have opened on Wednesday, when a dinner-dance which is honored by the name of a ball inaugurated the summer at the Casino.

The Country Club and Casino have both been open for a little time, but Wednesday's party was the first official affair, so to speak. Of course the John Fells were there, Dorothy looking prettier than ever, and the Alfred Norrings and their daughter, who is stunning as ever, and I hear there are rumors that they will live in Philadelphia again next year.

Mr. Fetherston Conner, an aunt of Mrs. John Fells, has also gone up to Narragansett, and of course the Randolphs will spend the greater part of the summer there as usual. George Huhn and his attractive daughter, Ethel, who came out last year, have also taken a house at the Pier as well, and the John and Dick Norrings are of the same mind. Lisa Conner is to be a belle in every sense of the word, and signs point to her small cousin Mary being a close second when her time for debut comes.

Mr. and Mrs. Robert W. Glick have taken a cottage at Ocean City for the summer. They left for the shore last Monday, with their three children.

The Stuart I. B. Kinzer, who used to live on East Baltimore avenue, have moved into the very attractive home they just built on South Lansdowne avenue.

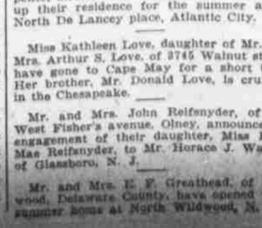

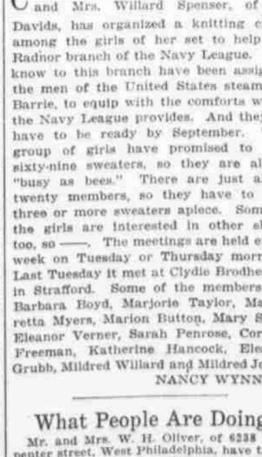

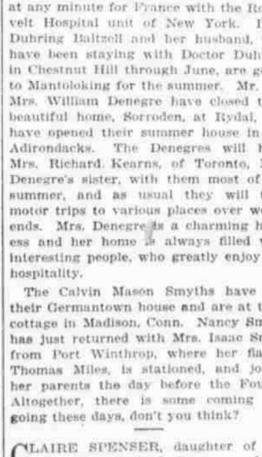

DR. AND MRS. CARL F. KOENIG The wedding of Miss Mabel E. Frankfield and Dr. Carl F. Koenig took place on Saturday evening at 8 o'clock in the Salem Lutheran Church, Harrison and Cottage streets, Frankford.

TO CONTINUE about those who are about to forsake their firebrands for the sea and mountains, the Joe Widener leave Elkins Park soon for Newport, where Mrs. Widener is always one of the very prettiest and best-dressed women to be seen.

CLAIRE SPENSER, daughter of Mr. and Mrs. Willard Spenser, of St. Davids, has organized a knitting circle among the girls of her set to help the Radnor branch of the Navy League.

What People Are Doing Mr. and Mrs. W. H. Oliver, of 6238 Carpenter street, West Philadelphia, have taken their residence for the summer at 23 North De Lancey place, Atlantic City.

Women Doctors Needed Women physicians are needed to fill the ranks of doctors who have gone to war, according to Dr. Mary Tracy, acting dean of the Woman's Medical College, who has issued an appeal to college girls desiring to fit themselves for the study of medicine.

GREAT DOINGS ON FOURTH IN AND ABOUT LANSDOWNE

Recreation Field and Country Club Are Centers of Activity

There were all sorts of doings on in Lansdowne on Independence Day. A celebration was held at the Recreation Field under the direction of the Union Athletic Association, and both spectators and participants assembled at 2 o'clock on the corner of Baltimore and Lansdowne avenues for a parade, and either rode or walked to the field.

Of course, there was a ball game on the morning of the Fourth between the Union Athletic Association and a team of tonnetwisters and Highland Park.

The war gardens that were started in the spring under the direction of Mrs. Frank H. Maguire are still going on splendidly.

NOT ONLY IN WAR TIMES

THE DAY OF WRATH

A STORY OF 1914 By Louis Tracy

THE WOUNDED man gazed down great mouthfully at a Picket-battle. It partially cleared his mind.

CHAPTER VIII—(Continued) WOMEN—every one of the men of a race, and united in their dislike of German were long before the first week in August, 1914.

CHAPTER IX An Exposition of German Methods THREE large and powerful automobiles stood at rest in the tiny square of Buenos Aires.

CHAPTER X "The little things in this world that are the trouble," answered Billy. "Big things we get at. I dare not bend over and get you for fear I will explode."

TAKE THAT TO THE FIELD TELEGRAPH

SOMEHOW Daltro sensed the actual text of the message. Von Emmlich was making the humiliating admission that Liege, far from having fallen, as he had announced during the first hours of the advance, was still an inviolable barrier against the torrent of men.
